

Advanced Level Apprenticeship in **Management**

Level 3

The Advanced Level Apprenticeship in Management has been developed to support those working as first line managers, section managers, assistant managers, trainee managers, senior supervisors and those working in a range of other management positions.

The aim of this framework is to provide employers of all sizes and across all sectors in England with a high quality, nationally recognised programme which will attract new talent into management and up skill the existing workforce to make businesses more productive, efficient and profitable.

Our success rates (2016): 75%

Course Content

The Advanced Level Apprenticeship in Management includes:

- Advanced Level Apprenticeship in Management.
- Functional Skills (English, mathematics and ICT).

Entry Requirement

There are no mandatory entry requirements for this apprenticeship framework. However, employers are looking to attract apprentices who have a strong interest in a career in management.

Delivery Method

Apprentice will receive learning away from direct work environment through webinars, workshops and personal training. Whilst at work, apprentices will carry out practical tasks during the normal working day in order to meet the requirements.

Time Commitment

The Advanced Level Apprenticeship in Management will normally take one year and one day to complete.
